The SLII Experience™
A proven and time-tested leadership model for developing competence, gaining commitment, and retaining talent

To be a leader others want to follow, managers need to set clear and attainable goals, provide the matching leadership style, and give appropriate feedback. The goal of a Situational Leader is to help others develop competence, motivation, and confidence. Situational Leadership® II (SLII®) boosts the effectiveness, impact, and dedication of leaders and teaches them to behave in alignment with their good intentions and with what their people need.

Leveraging all the theory and design that has made Situational Leadership® II the world’s most taught leadership training model for more than 35 years, our new learning design, The SLII Experience™, uses game-changing techniques that immerse learners in SLII quickly, deeply, and effectively.
